# NOTE 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES NATURE OF ACTIVITIES

The South Florida S.P.C.A. Inc. (Society for the Prevention of Cruelty to Animals) ("the Society"), is a private non-profit organization located in Homestead, Florida. Founded in 1992, it is dedicated to the rescue, rehabilitation and adoption of abused, neglected and abandoned horses and other livestock. The Society also educates the community about responsible animal care, animal ownership and promotes the welfare of animals through local and national advocacy. The Society owns a ranch located in Homestead, Florida where horses and other livestock are cared for upon rescue until adoption.

#### METHOD OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. During 2020, the Society changed its fiscal year to the calendar year.

#### BASIS OF PRESENTATION

The Society follows the recommendations of the FASB Accounting Standards Codification, (ASC), under statement ASC 958, in its statement presentation. During 2019, the Society adopted the Financial Accounting Standard Board's Accounting Standards Update (ASU) No. 2016-14 - Not-for-Profit-Entities (Topic 958): Presentation of Financial Statements of Non-for-Profit Entities. This guidance is intended to improve the net asset classification requirements, and the information presented in the financial statements and notes about a non-for-profit entity's liquidity, financial performance, and cash flows. Main provisions of this guidance include: presentation of two classes of net assets versus the previously required three; recognition of capital gifts for construction as a net asset without donor restriction when the associated long-lived assets is placed in serviced; a recognition of underwater endowment funds as a reduction in net assets with donor restriction. The guidance also enhances disclosures for board designated amounts, composition of net assets without donor restriction, liquidity, and expenses by both their natural and functional classification. revenues, and expenses are classified based on the existence or absence of donor-imposed restriction. Accordingly, net assets and changes therein are classified and reported as follows:

<u>Net Assets without Donor Restriction</u> - Net assets available for general use and not subject to donor restrictions. The Society's policy is to designate net assets without donor restrictions at the discretion of the Board of Directors. At December 31, 2020 there is no amount designated for specific purposes by the Board.

<u>Net Assets with Donor Restrictions</u> - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature that may or will be met either by the passage of time or can be fulfilled and removed by actions of the Society. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. At December 31, 2020 there was \$40,000 in net assets with donor restriction.

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued) PROPERTY AND EQUIPMENT

Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation less an allowance for depreciation. Normal repairs and maintenance are expensed as incurred whereas significant improvements, which materially increases values or extend useful lives, are capitalized and depreciated over the remaining estimated useful lives of the related assets. Depreciation is computed using primarily the straight-line method over the estimated useful lives of the assets. Upon sale or retirement of depreciable assets, the related cost and accumulated depreciation are removed from the accounts. Any gain or loss on the sale or retirement is recognized in current operations.

The Society reviews assets for impairment whenever events or circumstances indicate that the related carrying amount may not be recoverable. As of December 31, 2020 there were no assets impaired.

#### GRANTS AND CONTRACT REVENUE

Private Grants and reimbursement contracts revenue is reported at the estimated net realizable amounts due from grantor or sponsoring agencies. These grants and contract awards general specify the purpose for which the funds are to be used. Revenues from sponsored grants and contracts are recognized when allowable expenditures are incurred under such agreements or by incurring program related costs. Amounts recorded in grants and contracts receivable are for grant expenditures incurred in advance of the receipt of funds.

#### **CONTRIBUTIONS**

The Society accounts for contributions in accordance with FASB ASC No. 605. Contributions, including unconditional promises to give, are recognized as revenues in the period received at their fair market value. Conditional promises to give are not recognized until they become unconditional; that is, when the conditions on which they depend are substantially met. The Society had no promises to give recorded at December 31, 2020. Contributions, which are restricted by the donor, are reported as increases in net assets without donor restrictions if the restriction expires in the same year in which the contributions are recognized. All other donor-restricted contributions are reported as increased in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with restrictions are reclassified to net assets without restrictions. All contributions receivable are due in less than one year.

#### DONATED PROPERTY AND EQUIPMENT

Donated property and equipment are recorded as contributions at their estimate fair value at the date of donation. Such donations are reported as increases in net assets without restrictions. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Society reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Society reclassifies restricted net assets to unrestricted net assets at that time. The Society has no donations in kind for property and equipment for year ended December 31, 2020.

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued) DONATED SERVICES

Donated services are recognized as contributions in accordance with FASB ASC No.605, if the services create or enhance non-financial assets, or require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Society. Volunteers also provided fund-raising and other services throughout the year that are not recognized as contributions in the financial statements since these are not susceptible to objective measurement or valuation. The Society has no contributed services for year ended December 31, 2020.

#### MEMBERSHIP FEES

Membership donations are recognized as income at the time of receipts.

#### **INCOME TAXES**

The Society is exempt from income taxes under the Internal Revenue Code Section 501(c)(3). This exemption is subject to periodic review by the Internal Revenue Code and is not a private foundation. Additionally, Topic 740 provides guidance on measurement, recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The Society could be subject to federal tax if they were to conduct an unrelated business. The Society had no unrelated business income during the year ended December 31, 2020. As of December 31, 2020, the Society did not have any uncertain tax positions and thus has not recognized any interest and penalties in these financial statements. Tax years that remain subject to examination by federal authorities are 2017, 2018, 2019 and 2020.

#### **EXPENSE ALLOCATION**

The costs of program and supporting services activities have been summarized on the functional basis in the statement of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefitted. Some expenses, including supplies and materials, are directly identifiable and are charged to programs and supporting services accordingly. Administrative and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization. Allocations of significant costs, including compensation and related expenses, contractors, and professional and consultant fees, are based on estimates of time and effort and other reasonable methods.

#### **USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Any disallowed claims, including amounts already collected, may constitute a liability of the Society.
